

# GIOCATO

## Pinot Grigio 2011

"The 2011 Giocato Pinot Grigio is technically Slovenian, being produced just across the border in a region where the boundary lines between the countries are essentially meaningless as far as viticulture is concerned. It's pure pinot grigio, 12.5% alcohol, all stainless, bright and crisp with the zip and zing that comes from natural acidity and a certain lively minerality."
